DEFENSE STRATEGIES FOR WOMEN & CHILDREN

PlayItSafe is a fun, interactive, age appropriate method that teaches students to respond appropriately to unique challenges they must face such as, dealing with bullies, how to counter teasing and meanness, stranger awareness and abduction defense. PlayItSafe is based on a simple, effective step-by-step approach where students practice their techniques against trained instructors in age appropriate scenarios. This 1.5-hour empowering class teaches women and children to be aware of their surroundings, project confidence, set boundaries and trust their intuition. This can only come from hands-on, repetitive training. Students will role-play with a mock "Stranger" and a mock "Bully" while being coached by instructors with over 25 years of police experience. This class is appropriate for elementary age children.

Parents are encouraged to attend at no additional cost.

Siblings may register with troop leader approval.
